

6DEPLOY

IPv6 deployment and support

6DEPLOY objectives

To support the deployment of IPv6 in:

- Research networks
- FP7 projects
- Developing countries in Africa, Latin America, Asia, and Eastern Europe
- Industrial environments in Europe

6DEPLOY

IPv6 deployment and support

6DEPLOY Services

- Workshops for direct training and for “training other trainers“

- Helpdesk service run by experienced persons
helpdesk@6deploy.eu
- Website with links to 6DEPLOY documents, training material, and external sources such as technical deployment guidelines and information for strategists
www.6deploy.eu

6DEPLOY

IPv6 deployment and support

6DEPLOY Training Material

- A professional e-learning course that may be used on-line or downloaded (for free) from the Website
- Presentation material on more than 20 topics associated with IPv6
- Practical configuration exercises
- Remote testbeds in Paris, Sofia, and Mauritius (for use in- and outside the workshops)
- Technical deployment guidelines

6DEPLOY testbed in Paris (France)

6DEPLOY testbed in Sofia (Bulgaria)

6DEPLOY testbed in Mauritius
